Foreword	7
PART 1. Theoretical Frameworks	
1. Alternative Theoretical Frameworks for Educational Interventions	19
<i>Hermann Astleitner</i>	
2. A Theoretical Perspective on Ineffective Interventions: Malfunctions in Teaching	39
<i>Hermann Astleitner</i>	
PART 2. Design Problems	
3. Missing Control Group: The Effect of a Self-Congruence Intervention on Teachers' Volitional Competences and Motive Implementation Strategies	65
<i>Franz Hofmann & Hermann Astleitner</i>	
4. Negative Evidence: Fostering Pre-Service Teachers' Competences in Social Research and Related Learning Skills – a Quasi-Experimental Study With Minimal Guidance Intervention	85
<i>Hermann Astleitner, Michaela Katstaller & Ulrike Greiner</i>	
PART 3. Measurement Problems	
5. Handling Validity Problems in Developmental Measurement Approaches – a Confirmatory Factor Analysis Approach on Student Engagement	109
<i>Hermann Astleitner</i>	
6. Pretest Bias: Supporting Undergraduate Learning Through Guided Self-Assessment and Reflective Writing	127
<i>Hermann Astleitner, Michaela Katstaller, Josef Eisner, Ulrike Greiner & Nomy Dickman</i>	
7. Instructional Sensitivity as a Prerequisite for Determining the Effectiveness of Interventions in Educational Research	149
<i>Alexander Naumann, Stephanie Musow & Michaela Katstaller</i>	
8. How Can Test-taking Motivation Be Theoretically Understood and Measured in Educational Intervention Research?	171
<i>Michaela Katstaller & Gabriela Gniewosz</i>
